I enclose letter from the Pasteur Institute which speakes for itself. Of course the sum given by Madras is presumably the verious subscriptions from District Boards and Municipalities. I suppose the Mysore Goverment itself gives a lump sum. I don't suppose that it is hoped Mysore will give their actual deficit but 500 seems rather a mean contribution. Why should not the Bangalore Municipality give too?

Dear Major Foulkes,

Hinjston has sent me on your letter to reply to .

I enclose a copy of the letter I wrote asking for an incresed subscription from Mysore, also statements which I have made up shewing the number of patients cost and subscription from each province or native State. From this it will be seen that the Mysore deficit is much the largest each year.

At the committee's request I have written to nearly all the Governments mentioned in the list and with the exception of Bombay all have promised an increased subscription. No reply has been received from Hyderabad or Mysore.

I also enclose a copy of the annual Report for 1910-11.

We get no subscriptions from Municipalities &c.in Mysore State.Even Bangalore where we get a large number of Patients from doesnot subscribe.
